

Have your General Practice recruited a RGN Nurse – NEW TO PRIMARY CARE?

If yes, then your supportive Training Hub is offering to help!

Central London Training Hub will **FUND** the training of any Registered Nurses **NEW** to Primary Care.

The programme:

- The **Foundation GPN training programme** is designed for Registered Nurses new to general Practice.
- HEE is the funding this programme again. This include all three components of the foundation package –the tuition fees, training grant and mentoring costs.
- You would be supported by your Central London Training Hub

Placement Feedbacks

“The whole team was very supportive and so welcoming, all staff was very approachable when I needed help, I really felt as part of the team”.

“I felt supported, and able to contact my mentor, if I had any queries or concerns”

“My overall experience was very good. I was able to contact my mentors, and I also learnt a lot from them both. Which has helped me with my nursing practice.
